Snap Down Door Stop with Safety Release

This snap down doorstop installs quickly and easily without tools on both commercial and residential doors. The adjustable snap lever fits floor clearances of 1/4" to 2-1/2" gap. In case of emergency, the lever will release when sufficient force is applied to the door. To engage, flip the lever down with your hand or foot. To release, flip the lever up. This design minimizes tripping hazards.

Typical applications: restrooms, break rooms, closets, hotel rooms, auditorium entrance doors, kitchen and cafeteria doors.
