**Adhesive-Backed
Regular-Duty Sliders**

IEC's *regular-duty sliders* are designed to help move large furniture and equipment, protect carpets from snags, protect floors and decks from scratches and rust stains, reduce table wobble, dampen vibration, and keep furniture joints from loosening when being moved into position. Offered in round, square (-SQ), rectangle (-RE) and triangular (-TR) shapes.

The *regular-duty sliders* have a rigid felt peel and stick cushion inside the base which can adhere to legs that may be larger than the polymer base. For rugged duty applications. See IEC's commercial duty sliders on page 16 of this catalog.

Typical applications include patio furniture, bookcases, chests of drawers, entertainment centers, file cabinets, refrigerators, stoves, washing machines, sofas, beds, tables, chairs, desks, bar stools, appliances, exercise equipment, office partitions, etc.

When using *sliders* on wood floors, the floor should be clean and free from grit or scratching may occur. Sliders are not recommended on newly refinished wood floors for at least 30 days after refinishing.

Adhesive-Backed Commercial-Duty Sliders

IEC's *commercial duty sliders* are designed to help move large furniture and equipment, protect carpets from snags, protect floors and decks from scratches and rust stains, reduce table wobble, dampen vibration, and keep furniture joints from loosening when being moved into position. Offered in round, square (-SQ), rectangle (-RE) and triangular (-TR) shapes.

The *commercial-duty sliders* have a thicker polymer base and a foam (not felt) peel and stick cushion which allows the leg to sit deeper inside the polymer base.

Typical applications include patio furniture, bookcases, chests of drawers, entertainment centers, file cabinets, refrigerators, stoves, washing machines, sofas, beds, tables, chairs, desks, bar stools, appliances, exercise equipment, office partitions, etc.

When using *sliders* on wood floors, the floor should be clean and free from grit or scratching may occur. Sliders are not recommended on newly refinished wood floors for at least 30 days after refinishing.

LIGHT-DUTY LEVELERS
SLIDERS

These round and square (-SQ) clear plastic carpet sliders are used mainly for carpet applications where the beige colored sliders are not preferred. Also used as caster wheel cups.

Slip-On Felt Feet

These slip-on felt feet are available in two sizes. They slip over round or square legs with or without feet already installed in the legs. Useful for both noise reduction and floor protection.

Wood Screw Sliders

IEC's wood screw sliders shown here allow for easy sliding. They have a PTFE base with a black rubber cushion top. They can also use sheet metal screws and standard machine screws with or without a nut.
