## Welcome ...

We are pleased to introduce our broad line of surface protection products for protecting surfaces, noise reduction and cushioning. This catalog includes hundreds of felt, polyurethane, cork, sponge and rubber pads for sliding, gripping and cushioning all types of products and surfaces.

We've included an overview page of the complete line of surface protection products, a product selection guide and product tables with specifications to help you easily find an off-the-shelf product for your application. We've also included a standard quote request form allowing you to request OEM pricing on larger quantities.

IEC's mission since 1992 has been to lead the equipment component industry in meeting the needs of OEM equipment, furniture and product manufacturers with a broad range of products that match the high standards and cost requirements of our customers. We have specialized in providing solutions for surface protection, gliding and leveling by offering products in many materials with features most commonly requested by design engineers.

We have an engineering department available who are always happy to help you choose the best solution—from thousands of standard off-the-shelf products—to meet the exact requirements for your specific application.

We recognize the need in OEM manufacturing for high performance products, attractive designs and pricing to make your product more competitive. We have made every effort possible to address these needs in this catalog. We now offer the industry's widest range of products for surface protection, leveling, gliding, sliding and vibration control.

It is our attention to customer demand for over 20 years that has enabled IEC to become the leader in equipment component solutions. This dedicated effort has resulted in the development of thousands of new products, stronger customer service and our assurance that the products you specify today will continue to be available for the full duration of your product life-cycle.

## SURFACE & FLOOR PROTECTION

### **SURFACE PROTECTION CRAFT FELT**

IEC's craft felt peel-n-stick pads and strips protect surfaces, reduce noise and serve as cushions. Typical applications include lamps, picture frames, mirrors, trophies, appliances, electronics, medical and office furniture, fitness equipment and more.

### **FLOOR PROTECTION FELT**

IEC's floor protection felt pads and strips protect surfaces, reduce noise and serve as cushions for tables, chairs and other furniture. Typical applications include patio furniture, bookcases, chests of drawers, entertainment centers, file cabinets, refrigerators, stoves, washing machines, sofas, beds, tables, chairs, desks, stools, appliances and exercise equipment.

### **FLOOR PROTECTION SLIDERS**

IEC's floor protection sliders are designed to help move large furniture and equipment, protect carpets from snags, protect floors and decks from scratches and rust stains, reduce table wobble, dampen vibration and keep furniture joints secure when being moved into position. Typical applications include patio furniture, bookcases, chests of drawers, filing cabinets, entertainment centers, refrigerators, stoves, washing machines, sofas, beds, tables, chairs, desks, bar stools, appliances, exercise machines and office partitions.

### **FLOOR PROTECTION GRIPPER PADS**

IEC's non-skid, vibration dampening floor protection gripper pads protect surfaces and reduce sliding, stains and noise. Typical applications include chairs, tables, desks, stools, benches, couches, beds, fitness and stereo equipment, washers, dryers, freezers and other home furnishings.

### **POLYURETHANE PADS**

IEC's polyurethane pads protect surfaces, reduce noise and serve as cushions. Typical applications include counter/table tops, walls, glass, drawers and doors.

### **CORK, SPONGE & FOAM RUBBER PADS**

IEC's cork, sponge and foam rubber pads protect surfaces, reduce noise and serve as cushions. Typical applications include patio furniture, bookcases, entertainment centers, file cabinets, refrigerators, stoves, washing machines, sofas, beds, tables, chairs, desks, bar stools, appliances, exercise equipment and office partitions.

### **DOOR STOPS**

IEC's has several styles of door stops in plain foam and snap down styles as shown here for easy application on commercial and residential doors. Typical applications include floor maintenance, cleaning, moving and air circulation for homes, hotels, offices, auditoriums, kitchens and cafeterias.

### **PLASTIC STRETCH NETTING**

IEC's standard and heavy duty plastic stretch netting provides protection against damage to exterior surfaces of machined, polished, plated, coated and threaded areas. It will not retain moisture as other methods often do. Easy to install and remove. Typical uses include during or after inhouse machining to protect costly, value-added features during shipment.

**Adhesive-Backed "Peel & Stick" Felt Pads**

These adhesive-backed felt pads and strips reduce noise and protect desks, tables, counter-tops and walls. They also serve as noise cushions for doors, drawers and glass. Just peel and stick. Custom sizes available upon request.

Typical applications include: lamps, picture frames, mirrors, trophies, appliances, electronics, speakers, computer components, office, medical and fitness equipment, hobbies and crafts, displays, automotive and boating applications.

For FLOOR PROTECTION, the 1/8" thick polyester blend brown or beige felt pads (see page 8) offer the best durability for use with tables, chairs and heavy furniture. We also offer peel and stick teflon sliders for these applications.

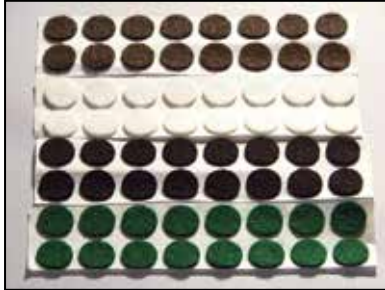

The felt nail glides, threaded felt glides or IEC's teflon sliders are best for tile floors since the adhesive backed felt pads can get knocked off. For sled based tubular leg chairs, the hexagon shaped "felt wrap" will adhere to the rod or tubing. We also offer plastic "snap-on" sled glides, with or without felt strips.

### Heavy Duty Wood Screw Floor Protection Felt Pads

For FLOOR PROTECTION, these 3/8" thick beige polyester pads offer the best durability for use with tables, chairs or heavy furniture. They have a black rubber backing.

Typical applications are patio furniture, bookcases, chests of drawers, entertainment centers, file cabinets, refrigerators, stoves, washing machines, sofas, beds, tables, chairs, desks, stools, appliances, exercise equipment, office partitions, etc.

IEC's wood screw felt pads, felt nail glides, threaded felt glides or teflon sliders are best for tile floors since the adhesive backed felt pads can get knocked off. For sled based tubular leg chairs, the hexagon shaped "felt wrap" will adhere to the rod or tubing. We also offer plastic "snap-on" sled glides, with or without felt strips.

#### HEAVY-DUTY WOOD SCREW FELT PADS

SURFACE PROTECTION
THREADED FELT PADS
TUBING FELT PADS

### Threaded Felt Pads

IEC's threaded felt pads and wood screw felt pads provide floor protection and reduce noise. The threaded stud allows for leveling adjustment to reduce table and chair wobble. Standard thread length is 1.0 inch. For wood legs that are not threaded, use IEC's threaded insert "T-nuts" or propeller nuts found on pages 31 and 32 of IEC's Light Duty Leveler Catalog. Thread length is 1" (25mm) for metric felt pads.

#### THREADED FELT PADS

P/N	Dia.	Felt Thick.	Base Height	Thread	1-99	100-249
IL33C-41B-FELT	1	5/16	1/2	1/4-20x1	\$1.39	\$1.25
IL33C-51B-FELT	1	5/16	1/2	5/16-18x1	\$1.47	\$1.32
IL33C-61B-FELT	1	5/16	1/2	3/8-16x1	\$1.56	\$1.40

Thread length is 1" (25mm) for the metric felt pads.

#### METRIC - THREADED FELT PADS - BROWN

P/N	Dia.	Felt Thick.	Base Height	Thread	1-99	100-249
IL33C-M6B-FELT	1	5/16	1/2	M6x1.0	\$1.49	\$1.35

### Felt Tube Glides

These black felt tube glides have a non-swivel felt base.

### Swivel Tube Glides

These black plastic tube glides swivel approx. 30 degrees. Available with solid nylon base or felt base. Coming Soon: Teflon slider and non-skid rubber bases.

### Slip-On Felt Feet

These slip-on felt feet are available in two sizes. They slip over round or square legs with or without feet already installed in the legs. Useful for both noise reduction and floor protection.

SLIP ON FELT FEET

P/N	Leg Size	Base Dia.	Color	1-9	10-24
IL26-FELT-S0-BR	3/4-1-1/4	1-1/4	BROWN	\$1.85	\$1.76

IL27-FELT-S0-GR	1-1-1/2	1-1/2	GREY	\$1.95	\$1.84

### Felt Cup Peel & Stick Floor Protectors

IEC's dark brown felt cup "peel & stick" floor protectors reduce scratches, noise and rust stains.

They are available in round, square and rectangular sizes.

The 2 x 1/2 inch size has a curved (dome) shaped bottom.

FELT CUP "PEEL & STICK" FLOOR PROTECTORS

P/N (round)	P/N (square)	SIZE (Inches)	1-9	10-24

	IL27A-CUP-FELT-RE-DOME	2 x 1/2	\$1.60	\$1.52

### Stretch Over Felt Floor Protectors

IEC's stretch-over felt floor protectors fit over most glides to reduce scratches, noise and rust stains.

We recommend the purchase of the stretch tool to ease installation and removal.

STRECH OVER FELT FLOOR PROTECTORS

P/N	Base Dia.	Fits Over Glide	1-9	10-24
IL24A-STO-FELT	1-1/4	3/4 to 7/8	\$1.30	\$1.23

**Clear Vinyl Stretch Sleeve Glides**

IEC's transparent vinyl sleeve glides stretch to fit over various leg sizes, in both round and square shapes. For square legs increase size by 1/4 inch. The flexible sleeve will form to the square leg. A heavy-duty dark brown felt pad is bonded to the bottom of the sleeve to reduce scratching, noise and rust stains.

Typical applications are chairs, tables, desks, stools, bar stools, walkers, crutches.

**Clear PVC Felt Glides**

IEC's clear PVC felt glides are made to fit the specified round leg size but will stretch slightly.

**Vinyl Replacement Chair Tips (with or without Felt)**

IEC's hard grey vinyl chair tip floor protectors reduce scratches, noise and rust stains.

The felt base tips are best for wood floors, while the vinyl (without felt) tips are best for sliding applications. The bottom of the vinyl tips are slightly curved.

Typical applications are chairs, tables, desks, stools, bar stools, walkers and crutches.

**Sled Glides**

IEC's clear plastic and felt sled glides snap over rods or tubing to reduce scratching and noise. Also available with heavy-duty floor protection felt bonded to the plastic glide.

### Adhesive-Backed, Nail-In and Slip-On Sliders

IEC's *sliders* are designed to help move large furniture and equipment, protect carpets from snags, protect floors and decks from scratches and rust stains, reduce table wobble, dampen vibration, and keep furniture joints from loosening when being moved into position. Offered in round, square (-SQ), rectangle (-RE) and triangular (-TR) shapes.

Typical applications include patio furniture, bookcases, chests of drawers, entertainment centers, file cabinets, refrigerators, stoves, washing machines, sofas, beds, tables, chairs, desks, bar stools, appliances, exercise equipment, office partitions, etc.

When using *sliders* on wood floors, the floor should be clean and free from grit or scratching may occur. Sliders are not recommended on newly refinished wood floors for at least 30 days after refinishing.

The *solid peel and stick sliders* are essentially "nail-less" sliders. Nail-in sliders are designed for wooden legs and are ideal for more rugged applications.

NON-PADDED (SOLID) PEEL & STICK SLIDERS

P/N	Dia.	Thick.	Color	Pkg	1-9	10-24
IL24A-SLDR-NP	3/4	1/8	WHITE	20	\$9.10	\$8.19
IL24A-SLDR-NP-100	3/4	1/8	WHITE	100	\$40.94	\$32.76

IL27-SLDR-N-100	1-1/2	1/4	WHITE	100	\$69.30	\$55.44

These *PTFE Nail Glides* (similar to Teflon®) have a gray base with a black rubber top cushion.

IEC's *slip-on sliders* are designed to fit over round or square chair legs and existing glide feet.

The brown *slip-on sliders* have a black base and the grey *slip-on sliders* have an off-white base. Also available with felt base. (See Slip-on felt section).

## Adhesive-Backed Regular-Duty Sliders

IEC's *regular-duty sliders* are designed to help move large furniture and equipment, protect carpets from snags, protect floors and decks from scratches and rust stains, reduce table wobble, dampen vibration, and keep furniture joints from loosening when being moved into position. Offered in round, square (-SQ), rectangle (-RE) and triangular (-TR) shapes.

The *regular-duty sliders* have a rigid felt peel and stick cushion inside the base which can adhere to legs that may be larger than the polymer base. For rugged duty applications. See IEC's commercial duty sliders on page 16 of this catalog.

Typical applications include patio furniture, bookcases, chests of drawers, entertainment centers, file cabinets, refrigerators, stoves, washing machines, sofas, beds, tables, chairs, desks, bar stools, appliances, exercise equipment, office partitions, etc.

When using *sliders* on wood floors, the floor should be clean and free from grit or scratching may occur. Sliders are not recommended on newly refinished wood floors for at least 30 days after refinishing.

### Adhesive-Backed Commercial-Duty Sliders

IEC's *commercial duty sliders* are designed to help move large furniture and equipment, protect carpets from snags, protect floors and decks from scratches and rust stains, reduce table wobble, dampen vibration, and keep furniture joints from loosening when being moved into position. Offered in round, square (-SQ), rectangle (-RE) and triangular (-TR) shapes.

The *commercial-duty sliders* have a thicker polymer base and a foam (not felt) peel and stick cushion which allows the leg to sit deeper inside the polymer base.

Typical applications include patio furniture, bookcases, chests of drawers, entertainment centers, file cabinets, refrigerators, stoves, washing machines, sofas, beds, tables, chairs, desks, bar stools, appliances, exercise equipment, office partitions, etc.

When using *sliders* on wood floors, the floor should be clean and free from grit or scratching may occur. Sliders are not recommended on newly refinished wood floors for at least 30 days after refinishing.

### Reuseable Foam Sliders

The *reuseable foam padded sliders* do not have an adhesive backing on the foam pad and are designed for all applications. Also available in black (add -BLK) per special request.

**Adhesive-Backed Wraps, Clear Sliders and Threaded Sliders**

These *hexagon shaped sliders* will wrap around tubing and solid rod. The slitted sides ensure the pad will stay on. They can also adhere to existing glides. Perfect for stackable chairs and patio furniture.

**PEEL & STICK SLIDERS WRAPS**

P/N	Size	Thick.	Color	Pkg Qty	1-9	10-24

**Non-Skid  
"Peel & Stick"  
Vibration Pads**

IEC's non-skid vibration dampening floor protectors reduce sliding, stains and noise.

These flexible vinyl "cushion pads" are 3/16" thick. They are available in round, rectangle and triangle shapes.

Typical applications are chairs, tables, desks, stools, benches, couches, beds, fitness and stereo equipment, washers, dryers, freezers, etc.

**Heavy Duty Adhesive Backed Neoprene Pads**

IEC's non-skid, vibration dampening heavy-duty neoprene pad floor protectors reduce sliding, stains and noise. These solid neoprene pads are 1/8" thick and have a strong peel and stick adhesive backing. They feature a 60-70 durometer.

Typical applications include: machinery, equipment, displays, chairs, tables, desks, stools, benches, couches, beds, fitness and stereo equipment, washers, dryers, freezers, and more.

SURFACE PROTECTION
NON-SKID SLEEVES
CRUTCH TIP GLIDES

### Clear Non-Skid Sleeves

IEC's transparent *non-skid sleeves* stretch to fit over various leg sizes, in both round and square shapes. For square legs increase size by 1/4 inch. The flexible sleeve will form to the square leg. The non-skid bottom of the sleeve will reduce scratching, noise, rust and stains. Typical applications are chairs, tables, desks, stools, bar stools, walkers, crutches.

### Rubber Crutch Tip Glides

These *rubber crutch tip glides* are available in black (-B), white (-W) and gray (-G). They are non-skid; white and gray types are non-marring. They are useful for crutches, walkers, canes, tables, chairs, etc. For hollow legs, we recommend using a washer in the bottom of the glide to keep the leg from cutting through the glide. Measure the outside diameter of leg to select the correct glide size.

**Polyurethane Pads with Peel & Stick Adhesive Backing**

These adhesive-backed clear, non-staining and non-marring *polyurethane pads* offer excellent skid resistance.

They can be used for shock, vibration and sound dampening for floor, wall, counter-top and table-top protection. They also serve as cushions or bumpers for doors, drawers, cabinets and glass.

Typical applications include: lamps, picture frames, mirrors, trophies, appliances, electronics, speakers, computer components, office, medical and fitness equipment, hobbies and crafts, displays, automotive and boating applications.

Durometer = 60-70 Shore A. 50-55 also available.

Allow 24 hour dwell time for adhesive to obtain maximum strength.

Black (-BLK), white (-WH), brown (-BRN), and gray (-GY) available on most sizes. Custom adhesives available upon request.

UL recognized component.

### Door Stop – Blue Foam

This durable dense foam door wedge fits snugly between the door and jam to keep doors open. Simply place the door wedge above one of the hinges. This design minimizes tripping hazards.

Typical applications: floor maintenance, cleaning, moving and air circulation.

DOOR STOP - BLUE FOAM

P/N	SIZE	COLOR
IL-DS1-BLUE	3 x 3 x 1-1/4 Thick	Blue

### Snap Down Door Stop with Safety Release

This snap down doorstop installs quickly and easily without tools on both commercial and residential doors. The adjustable snap lever fits floor clearances of 1/4" to 2-1/2" gap. In case of emergency, the lever will release when sufficient force is applied to the door. To engage, flip the lever down with your hand or foot. To release, flip the lever up. This design minimizes tripping hazards.

Typical applications: restrooms, break rooms, closets, hotel rooms, auditorium entrance doors, kitchen and cafeteria doors.

SNAP-DOWN DOOR STOP WITH SAFETY RELEASE

P/N	COLOR
IL-DS2-GREY	Grey
IL-DS2-TAN	Tan

### Non-Skid Door Stop with Safety Release

These non-skid door stops have a built in hook to attach to maintenance carts. Made of sturdy industrial vinyl with a gripper strip on the bottom to protect and grip nearly all surfaces.

Typical applications: Floor maintenance, cleaning, moving, air circulation.

Size: 6" long x 1.5" wide x 1.75" high to top of ramp. 3.75" high to top of hook.

NON-SKID DOOR STOP

P/N	COLOR
IL-DS3-YELLOW	Yellow
IL-DS3-BROWN	Brown

### Plastic Stretch Netting

IEC's standard and heavy duty *plastic stretch netting* provides protection against damage to exterior surfaces of machined, polished, plated, coated and threaded areas. It will not retain moisture as other methods often do and is easy to install and remove. Common uses include during or after inhouse machining to protect costly, value-added features during shipment. Netting is color coded to easily identify dimensional size.

This product is economically priced and available by the roll or cut to length. It offers ideal protection for irregularly shaped or sized items, useful in many situations. IEC's *Plastic Stretch Netting* is quite versatile and eliminates the need for expensive special packaging solutions.

#### STANDARD - PLASTIC STRETCH NETTING

## **Warranty & Disclaimer**

IEC warrants each product against defects in workmanship and material for 90 days from the date of delivery to the user. The warranty is limited to the repair or replacement of any part(s) which are found by IEC to be defective and does not apply to ordinary wear tear, abuse, misapplications and altered products.

All data, dimensions and tables have been thoroughly checked but we can not assume liability for any possible errors or omissions. If you find an error, please notify us so we can correct it for future editions. We reserve the right to change designs and/or specifications without notice. In the event of a change, every attempt will be made to notify the current users.
